No Show and Cancellation Policy

We understand that unexpected urgencies and emergencies sometimes prevent people from keeping their appointments or require them to cancel their appointments with less than 24 hours notice.

However, we also are sure you know how frustrating it is when you or your loved ones are ill and cannot be seen by a physician within a time frame of your choosing. Every time a patient misses an appointment without notifying us at least 24 hours in advance, they have taken away the chance for another person to be cared for in a timely matter.

We truly want to prevent this from happening so we take the time to call and confirm all appointments. Therefore, we will charge you a fee for not showing for your appointment or for repeatedly canceling your appointment without giving us at least 24 hours notice. This fee will be \$50.00 for an initial visit or surgical appointment and \$25.00 for a follow up visit. This fee must be paid in full prior to your receiving additional medical care in our office.

Please be sure to keep your appointment with us or give us at least 24 hours notice if you cannot make your appointment.
